2) Adding one user story

The screenshot shows a web browser window with multiple tabs. The active tab is 'PlanningPoker.com'. The address bar shows the URL 'https://play.planningpoker.com/dashboard/create_game'. The page has a dark header with navigation icons and a search bar. The main content area has a light background with a grid pattern. At the top, there's a note: '(Story titles must be 300 characters or less. Maximum 200 stories.)'. Below this, there are three tabs: 'Freeform Input' (selected), 'File Import', and 'Integrations'. The 'Freeform Input' tab contains a text area with a placeholder 'Put each story on its own line, separated by Return/Enter'. Above the text area is a note: 'NOTE: links must be in the following format: LINK TEXT HERE'. Below the text area is a button labeled 'Convert to Stories'. At the bottom, there's a section titled 'Adjust Stories:' with a sub-note 'The stories you enter are encrypted and secured.' Below this, there's a list of stories. The first story is numbered '1' and reads 'As a user I want to add new meanings, pin and add into folders while adding.' To the right of the story text are icons for editing and deleting. The bottom of the screen shows a Windows taskbar with the search bar, task view button, and system tray showing the date and time as 10:36 on 20-01-2023.

My vocab space is a website which allows users to add meanings to the website which is stored in the database. It helps users to revise the meanings with time to time scheduled notifications, daily revision of newly added meanings at the end of the day and also weekly quizzes. Its user-friendly, responsive UI design allows the user to use the website in mobile, desktop or any other device which supports a browser. It has the feature of "pin", which allows the user to pin any meaning to the top so that he/she can revisit important meanings very fast without having to scroll through the entire list. It also allows the user to add meanings to different folders when creating new ones, so that users can see all the related meanings in just one click. Search bar functionality helps the user to do a fast look-up in the list of the meaning which he/she is looking for. An additional feature also added keeping the bandwidth problem in mind which is, In the beginning it asks the user how he/she wants to manage the data(meanings), there are 2 options provided for now, each having its own pros and cons.

7) Voting for my friend's user story.

The screenshot shows a web browser window with the URL <https://play.planningpoker.com/play/game/AdyEKtma5yWTXelV2yYPXMni6DRV>. The page title is "As a user I want to view my fitness calendar and view weekly rep". The user is logged in as "Tanmay Chavan".

The main content area displays "STORY 1/1" with a timer at "00:00". Below the story title, there are seven cards representing different users and their votes:

User	Vote
Rushikesh...	m
Viraj Dhu...	xxs
ALOK KU...	m
Tanmay C...	s
Sanchit G...	m
Amit Cha...	?
Tejas Chal...	xl

A green card with the letter 'S' is being dragged over the 'm' card of Sanchit G... Below the cards, there is a row of cards representing different vote values: xxs, xs, m, l, xl, xxl, ?, and Pass. A "Spectate" button is visible on the left.

A modal window is open on the right side of the screen, displaying the story text: "1 As a user I want to view my fitness calendar and view weekly reports." The modal has a "Close" button in the top right corner.
